## *From the Principal's Desk*

Last week we focused on the fact that God is our refuge based on the first verse of our current Scripture memory passage - Psalm 46:1. The next part in verse 1 tells us that not only is God our refuge, He is also our strength. This implies that we can rely on God's might when we are feeling less than adequate. We would have to admit that we have all felt like that at times. Nothing saps our strength more than

stress. In Proverbs, we are told that God is our ever-present help meaning that is quick to help us. Because He has proved Himself to us in the past, we can continue to trust Him into the future if we are in a tight place, feeling afflicted or distressed. What a blessing to be reminded that God is our refuge, strength and help.
