HUMILITY PRIDE AND RESPECT

It is great to have fun and to share a joke or two. But there are also times where it is right to be proper and respectful. When students know the difference between the two, they are like gems, with God-given wisdom and a capacity to be discerning in situations.

What an absolute joy it is to have a person younger than yourself showing respect to their elders—holding the door open for you, calling you by name, showing good manners, asking questions in a polite manner, standing up for an older person to sit down, etc

Pride and Humility are opposites, and are linked very closely to Respect.

"A man's pride brings him low, but a man of lowly spirit gains honour." Proverbs 29:23

It is usually the people whom we respect the most are the humble ones. The person who puts themselves last, the one who is willing to serve others. They are the ones we want to honour.
