Number 18

13th June 2019

From the Principals Desk

Our current character trait is that of being generous. Often we don't think a lot about being generous, but rather, we put more energy into saving enough money to buy the next thing on our wish list. Lots of effort goes into trying to have the next thing. While there may be nothing wrong with wanting nice things, we need to try and keep everything in perspective. We need to be careful that we don't get trapped into wanting things that don't really satisfy and letting this cycle turn into our life's pursuit. Often happiness comes when we are generous to others. To be generous doesn't mean that we have to have lots of money, but we do need to have control of our own pursuits and to focus on being a blessing to others around us.

This reminds me of the words of a song, part of which is:

"Using things and loving people, that's the way it's got to be..... Loving things and using people only leads to misery"

"The generous soul will be made rich, and he who waters will also be watered himself." Proverbs 11:25

While in Daylesford, we will be playing a round of mini golf at the Daylesford Mini Golf Centre during the morning.
