TROPHIES FROM 2009

BEING CAUTIOUS

Classes have been looking at this character trait over the past two Chapel sessions:

Learning Center Helps

Having then gifts differing according to the grace

that is given us . . . Romans 12:6

For who maketh thee to differ from another? I Corinthians 4:7

Learning styles are those inborn strengths and characteristics

possessed by every individual. Understanding our prominent

learning styles is not a formula or solution to all our problems.

It does, however, provide a framework, enabling us to focus

on individual strengths and build confidence. Learn-

styles in themselves are neutral; therefore, students of various

learning styles have equal opportunity to do well. There is no

single BEST style, nor does any style make a person

or more capable than another. All learning styles still • Spatial—ability to think in vivid mental pictures,

accountability and high standards of conduct (not an

for inappropriate behavior); however, supervisors should

be flexible and not rigidly compartmentalize students.

Each person's individual learning style is as unique

signature. Learning style strengths are pieces of a puzzle, not

neat categories to be identified and fit into. There are Abstract—using intuition and imagination

of all styles in every one of us, and we must remem-

acceptance and unconditional love are imperative to

child's successful development.

What Affects Learning?

Environmental Preferences (How One Concentrates) tive,

- Time of day—works with his internal clock
- Intake—knows nutritional intake during the day
- Light—uses soft light or brightly lit room as long as

he can comfortably see

• Study area—sits at a desk in an area conducive to

study

• Temperature—utilizes a brisk cool, a cozy warm,

somewhere in between

Modalities (How One Remembers)

• Auditory—talks through things, even to self; thrives

on verbal drills

- Visual—highlights while reading, color-coding notebooks or files, flash cards, pictures, charts
- Kinesthetic/Tactile—constant motion; short spurts of good work

Cognitive Style (How One Interacts with Information)

- Analytical—deals with smaller, component parts; focuses on facts
- Global—deals with the big picture; assumes details will fall into place

Multiple Intelligence (How One Expresses Informa-

• Linguistic—verbal abilities: reading, writing, speaking,

debating; skilled in word games and semantics

• Logical/Mathematical—abilities in numbers, pat-

and logical reasoning (i.e., scientists, mathematicians,

philosophers)

- restructuring an image or situation in your mind
- Musical—ability with melody and harmony
- Bodily/Kinesthetic—ability to use body skillfully (i.e., surgeons, artists, athletes, actors)
- Interpersonal—ability to intuitively understand and get along with all kinds of people (i.e., pastors, teachers, counselors)
- Intrapersonal—a natural gift of understanding self Mind Styles (How One Communicates Knowledge)
- Taking information in:

Concrete—using five senses

• Ordering information and organizing life:

Sequential—linear, step-by-step manner

Random—in chunks, with no particular sequence

• Concrete sequential—practical, predictable, straightforward,

stable, reliable, an "anchor"

• Abstract sequential—logical, methodical, objec-

take your time making decisions

- Abstract random—sensitive to and effective with people, spontaneous, flexible, know intuitively what others need
- Concrete random—curious, adventurous, quick to act on hunches, always changing, growing, and tak-
